Re: August 2012 Revised Interim Remedial Action Report for the Operable Unit (OU) 2 Portion of the Rockaway Borough Wellfield Superfund Site, Rockaway Borough, Morris County, New Jersey

Dear Mr. Khan:

The U.S. Environmental Protection Agency (EPA) has reviewed the revised CAPE/CDM August 2012 Final Interim Remedial Action Report (RA Report) for the OU 2 portion of the Rockaway Borough Wellfield Superfund site.

The RA Report summarizes groundwater treatment building construction activities, as well as installation of a groundwater extraction and conveyance system at the Site for OU 2. The RA Report also provides certification that performance standards have been met.

EPA hereby approves the revised report.
